1. Management board and Supervisory board Remuneration Report for 2021

Pursuant to Article 272r of Company Act (CA), Management Board and Supervisory Board of INA – INDUSTRIJA NAFTE, d.d. Zagreb submitted the following:

MANAGEMENT BOARD AND SUPERVISORY BOARD REMUNERATION REPORT FOR 2021

1. Introduction

INA's corporate management structure is based on dualistic system which includes Supervisory Board and Management Board which – together with General Assembly – represent three mandatory INA corporate bodies in line with INA Statute and CA.

INA's compensation strategy is regulated within Company internal documents with the aim to ensure competitive remuneration package as remuneration plays an important role in supporting the achievement of Company goals. Through the design of its incentive schemes, Company aims to ensure that manager/employee remuneration supports their private interests, Company's strategic objectives and interests of the shareholders.

This report is prepared in line with the Company's internal documents and procedures, including Remuneration policy for INA – INDUSTRIJA NAFTE, d.d. Management Board members (hereinafter referred as: Remuneration policy) and Decision on remuneration to the Supervisory Board members approved by General Assembly on 26 August 2020.

2. Management Board

In accordance with Companies Article of Association, INA Management Board (further in text: MB) is formed by 6 members who are entitled to receive management fee for the work performed in line with the INA Supervisory Board decision on the salary and fee for Management Board members.

During year 2021, from 1 January until 31 December, INA Management Board members were the following:

- Sándor Fasimon – President of the Management Board,
- Niko Dalić – MB member,
- Barbara Dorić – MB member,
- Darko Markotić – MB member,
- Zsolt Pethő – MB member until 1.2.2021,
- Dr. Ákos Székely – MB member until 1.2.2021,
- Ferenc Horváth – MB Member from 1.2.2021 and
- József Simola – MB Member from 1.2.2021.

Status of MB members is regulated via two different contracting forms:

- Employment Contract – for MB members which are in employment relationship with INA, these MB members receive salary for the work performed in MB based on this contact.
- Service Contract for performing the role of Management Board members – for other MB members which are entitled to management fee based on this contract.

INA Supervisory Board has passed the Remuneration policy on salary/fee amount for MB members as well as the applicable percentage (%) of annual bonus which represents variable part of the total income for MB members.

2.1. MB members income

INA MB members are entitled to the fee for their MB membership role which is comprised of fixed and variable part. In addition to this, they are entitled to different benefits in kind based on the Company's internal regulations and decisions.

In accordance with the Remuneration policy, MB members are entitled to receive an income for performance of his/her function/tasks as a MB member only in case if he/she is not employed full time in any company within the INA/MOL Group.

Since INA MB members act and pass decisions together as the company body and have the same scope of responsibilities in order to act in Company's best interest, fixed monthly salary/fee for MB membership in INA is defined in unique and equal amount for all MB members and amounts to gross 78,000 HRK. Exceptionally, President of the Management Board is employed on a part-time basis (20 hours per week) and for his work he receives the above stated fixed monthly salary/fee.

Same as in case of fixed monthly salary/fee, defined variable part of the fee (bonus) for INA MB members, target setting and respective evaluation are aligned/equal for all MB members. Variable part of the fee (bonus) is defined as the percentage (%) of the annual fixed fee and amounts to 65% for 100% annual target evaluation.

Performance management system enables the Company's owners/shareholders to direct business behavior and decisions of managers toward accomplishment of short-term and long-term Company goals through set individual goals. From Company's owners/shareholders perspective, the ultimate goal is to create added value and profit and following to this, for 2020 the MB members had specific defined goals related to main financial indicators (CAPEX, EBITDA, FTE, etc.). Due to the fact that sustainable development and safety are high priorities within the Company, in the scope of performance management system for the MB members a target related to TRIR (Total Reportable Injury Rate) was set. Due to exceptional circumstances which were caused by COVID-19 crisis, additional target related to defining and implementing measures to offset negative impact of external environment was set. The targets are compared to the planned values using the following weights in calculating the total variable achievement: EBITDA target 20%, CAPEX 15%, FTE 15%, TRIR 10% and a target related to offset negative impact of external environment 40%.

When defining the amount of variable part of the fee (bonus), the evaluation of set targets is performed and the respective percentage of the accomplishment for each separate target has been calculated. Based on these individual target evaluations, the weighted sum of target accomplishments is calculated which for year 2020 has been calculated to 70%. In line with this 2020 evaluation, INA MB members

should have received the variable part of the fee (bonus) for the year 2020 in the amount of 425,880 HRK for reference period¹.

- Basis for bonus calculation: 78,000 HRK * 12 months = 936,000 HRK
- Potential bonus entitlement for 100% target achievement: 936,000 HRK * 65% bonus = 608,400 HRK
- 2020 bonus pay-out: 608,400 HRK * 70% realization = 425,880 HRK

Furthermore, the variable part of the fee (bonus) for 2019 was not paid in full amount to INA MB members in 2020. The amount which was paid in 2020 is net HRK 5,000 while remaining part of the bonus was paid out in 2021.

Amount of gross income paid in 2021 for active INA MB members is shown in the table below:

¹ INA MB members who were not appointed to MB during entire year 2020 are entitled to proportional part of the variable part of the fee (bonus), in line with appointment duration.

2.3. Overview of the Company's income and income of MB members

In line with Reward strategy, when defining the minimum and maximum salary amounts for specific job position, INA is monitoring its market placement and aligns the pay scales with the corresponding job complexity, responsibilities and dimensions of each position, as well as mandatory qualifications. In order to be able to do this, INA is regularly participating in market research and continuously tracking salary and total cash movements on the Croatian market.

Additionally, when defining the pay scales and other benefits for each job position, INA is dedicated to maintaining internal consistency and equality within the Company. Furthermore, INA is fostering performance driven culture and is dedicated to rewarding and recognizing the individual performance and target achievement.

Year	in mln HRK			in HRK	
	Total Company revenues	Company net profit	INA d.d. reported EBITDA	Average gross annual income per employee	Average gross annual income of MB members
2017	18,385	1,426	3,461	166,625	1,497,459

2020	14,221	-933	849	179,863	784,159
2021	22,306	1,273	3,154	186,532	1,686,950

Average annual gross income per employee represents both fixed (regular salary, shift allowances, readiness and overtime etc.) and variable incomes (as annual and quarterly bonuses or various awards) as well as other material rights (such are meal allowance, commuting costs, Christmas bonus, Easter bonus, Holiday allowance, jubilee award, field work allowance, financial supports, gift for children and etc). Head count (HC) for specific year was calculated as average closing number of HC for each month in the specific year.

The income of INA MB members represents also all fixed and variable parts of compensation paid in respective period and the fact that INA MB consists of 4 members who receive income while 2 other MB members do not receive remuneration from INA for MB position. The higher value of average gross annual income of MB members for 2021 is due to the fact that in 2021 the variable part of the fee (bonus) for 2020 was paid out to INA MB members, as well as the remaining part of the bonus for 2019 that was not paid in full amount in 2020.

2.4. Additional information
