

Viktor Sverla, direktor Strategije i Održivosti MOL Grupe

Karijeru u MOL Grupi započeo je 2007. godine, odmah nakon što je diplomirao na Sveučilište Corvinus u Budimpešti, kao mlađi analitičar u Razvoju poslovanja IPNP-a. Postao je voditelj Upravljanja portfeljem Upstreama 2011. godine i pridružio se timu Razvoja poslovanja Grupe 2012. godine kao glavni analitičar. Od 2015. direktor je Strategije MOL Grupe, koja se bavi ekonomskom procjenom anorganskih i značajnih organskih ulaganja MOL Grupe i razvojem strategije MOL Grupe. Opseg poslovanja Strategije Grupe proširen je funkcijom glavnog ekonomista 2016. i funkcijom Odnosa s investitorima i koordinacije ESG-a Grupe 2021.

Tijekom svoje karijere sudjelovao je u procjeni stotina projekata spajanja, akvizicija, izdvajanja i prilika za organska ulaganja, upravljao je mnogim složenim poslovnim projektima i koordinirao razvoj dugoročne strategije MOL Grupe, *MOL Group 2030 – Enter Tomorrow* i njezinog narednog izdanja, *MOL Group 2030+ – Shape Tomorrow*.

Viktor Sverla, MOL Group strategy & Sustainability director

He started his career in MOL Group in 2007 right after graduation at Corvinus University of Budapest, as a junior analyst of the E&P Business Development department. He became the Head of Upstream Portfolio Management in 2011 and joined the Group Business Development team in 2012 as a Chief Analyst. Since 2015, he is leading MOL Group Strategy, the team responsible for the economic valuation of MOL Group's inorganic and sizeable organic investment opportunities and the development of MOL Group's strategy. The scope of the Group Strategy department has been extended with the Chief Economist function in 2016 and the Group Investor Relations & ESG Coordination function in 2021.

Throughout his career he participated in the evaluation of hundreds of merger, acquisition, divestment projects and organic investment opportunities, managed multiple complex business projects and coordinated the development of MOL Group's actual long term strategy, *MOL Group 2030 – Enter Tomorrow* and its updated release, *MOL Group 2030+ – Shape Tomorrow*.
